

About CK Golf...

We are not consultants. We are your business partners.

We believe in a very hands on approach to helping your golf course generate more revenue and improve your bottom line. We will not provide you with just some written advice on what to do, we will get involved, get dirty and help you make things happen.

But we also understand the need for accountability and can provide easy to understand reports and metrics for each stage of any of our projects. We are a great sounding board for ideas, we are not afraid of change (in fact we embrace it) and we can help you get something new and exciting off the ground.

WE HELP GOLF COURSE OWNERS AND OPERATORS MAKE MORE MONEY.

CK Golf was created in 2008 because we wanted to help golf course owners and operators make more money. We could see that the industry was struggling and thought that our experience, best practices, proven strategies and passion could make a difference to some operations. Over the last 8 years we have worked with private, semi-private, public, 9 hole and 18 hole courses owned by single owners, boards and governments. We have provided internet marketing services, strategic planning, sales training, event management and more. Jeff & Tara Ciecko are the co-owners and principals of CK Golf.

My experience working with CK Golf Solutions in 2019 was excellent and the resulting Business Plan proved very informative for our Board of Directors. Their thorough understanding of the golf business and ability to relay information in a digestible way has helped us to form a more clear path to success. I would recommend utilizing CK Golf Solutions to any golf operation and look forward to my next opportunity to work with Jeff and Tara.

~ Craig Wilkinson, Director of Golf, Balfour Golf Course

When our General Manager at the Pitt Meadows Golf Club moved on in mid 2019, we decided to do a full review of our club's operations prior to permanently filling the position. We looked at several firms to assist us in performing this task and decided on using CK Golf because of their extensive knowledge of the local golf industry, systematic / hands-on approach and down to earth personal style. They also provided a very detailed marketing plan to help us grow our business and are continuing to assist us in this very key area.

Needless to say, we are very satisfied with the work that CK Golf did for us.

~ Joel Katz & Mal MacPhail, Pitt Meadows Golf Club
